Internal Assessment

Downloading the Required Forms

Creating the Cloud9 Work Area
- Connect to Cloud9
- Open the firstname_html workspace
- Make an IA directory

    mkdir IA
- Change directories to the IA directory

    cd IA

Internal Assessment

Downloading the Required Forms

Download the Forms.zip file using FTP
- Connect to MyFamilyZoo.com
  ```
  lftp ftp.myfamilyzoo.com
  ```
- Specify the userid with the command:
  user ibstudent
- When prompted for the password, enter:
  Web5student
- Change directories to the IBCS directory
  cd IBCS
- Download Forms.zip
  get Forms.zip
- Terminate the FTP session
  quit

Notes:
The command lftp
   uses a lowercase L

If you are prompted
for a userid, enter
   ibstudent
other issue the user
command
   user ibstudent

You will be prompted
for the password,
be sure the W
is capitalized.

Internal Assessment

Downloading the Required Forms

Uncompress the downloaded file
unzip Forms.zip

- List the files in the IA directory
- You should see output similar to the following:

  name:~/workspace/IA $ ls -l

  total 140

  drwxr-xr-x 4 ubuntu ubuntu   4096 Nov 14 15:11 Forms/

  -rw-r--r-- 1 ubuntu ubuntu 138632 Nov 14 14:59 Forms.zip

- List the files in the Forms directory

Internal Assessment

Update the cover_page.htm file to add your name

- Locate the following line

<td width=320 colspan=2><p>Candidate name: A Student (add your details here)</p></td>

- Update the line with your name - and only update this line.

- Preview this page in the Cloud9 Environment
