Common Core and Standards for Mathematical Practice

Why are you receiving this e-mail?

All faculty members of the 6-12 Math Department have been added to the e-mail distribution list. By receiving and contribution to the newsletter you are helping to fulfill professional responsibilities to:

- Share responsibilities for setting and accomplishing the goals and priorities for your grade, grade level, team, department, school and district
- Be a reflective and continuous learner

Additional resources will be

Introduction

Welcome HWRSD 6-12 Math Department!

This is to let you know about an exciting new newsletter to keep you up to date with the Common Core Mathematics Standards and the Standards for Mathematical Practice. This e-mail newsletter will let you know about upcoming standards-related events as well as to summarize some of the information that we receive. Additional resources will be available so we can share information that we receive from a variety of resources as we scatter about over the summer attending workshops, seminars, trade shows, and casual readings at the beach. Feel free as always to share your thoughts, reflections, and ideas.

Thanks,

-Jim

THINKING MATHEMATICS & The COMMON CORE STATE STANDARDS, K-12

The district will offer two full day hands on workshops in mathematics. The workshops will focus on developing a deeper understanding of the 8 Standards for Mathematical Practice for students (a fundamental part of the Common Core Standards) and their connections to the level three research behind the 10 Principles of Thinking Mathematics for teachers. Specific research-based strategies and ready to use

Additional resources will be shared on Edline, or my additional web site.
